CashVest

Investing in cashew farming has the potential to give total financial freedom to you as an *investor* in the value chain. **Investors in CashVest can earn up to 1 million naira annually.**

Our investment package at Baay Agro allows you to be part of this billion-naira industry without sacrificing time and energy while you earn good return on your investment.

Why Oyo?

Oyo state, one of the largest producers of cashew in Nigeria has a soil quality of perfect from growing cashew trees. The premier state is also blessed with favorable weather conditions that gives the perfect quality of nuts to meet local and international supply demand.

Our farmlands are located in an area that favors the growth of cashew trees and the yield of good quality nuts that meet international specifications.

The Opportunity In Cashew

Global consumption of cashew has increased dramatically over the years reaching 700,000 metric tons in 2018.

This has led to more increase in the demand of cashew than its supply. According to the FAO, Nigeria is the 8th largest producer of cashew in Africa with about 5% of the continents production and 15th worldwide.

Cashew is Nigeria's third largest non-oil export product accounting for about 16% of total export in the last three years.

The diverse uses of cashew across industries and households have spurred global demand, unlocking opportunities for Nigerian farmers and investors.

PorkVest

by BAAY AGRO

PorkVest is an Agrobusiness product focused on wealth creation through sustainable pig farming and processing.

PorkVest

by BAAY AGRO

The platform enables stakeholder ownership, by allowing anyone to benefit directly from the numerous business opportunities in the pig farming industry simply by being part of the value chain as *investors*.

Overview of PorkVest

Demands for pork (pig meat) in Nigeria have been on the increase in recent times, due to its high level protein when compared to beef and chicken.

PorkVest is one of the most profitable livestock investments one could venture into. Why? Because meat has a high rate of global consumption, and pork is one of world's *preferred meats* with a wide range of culinary applications, so it's almost impossible to run out of consumers.

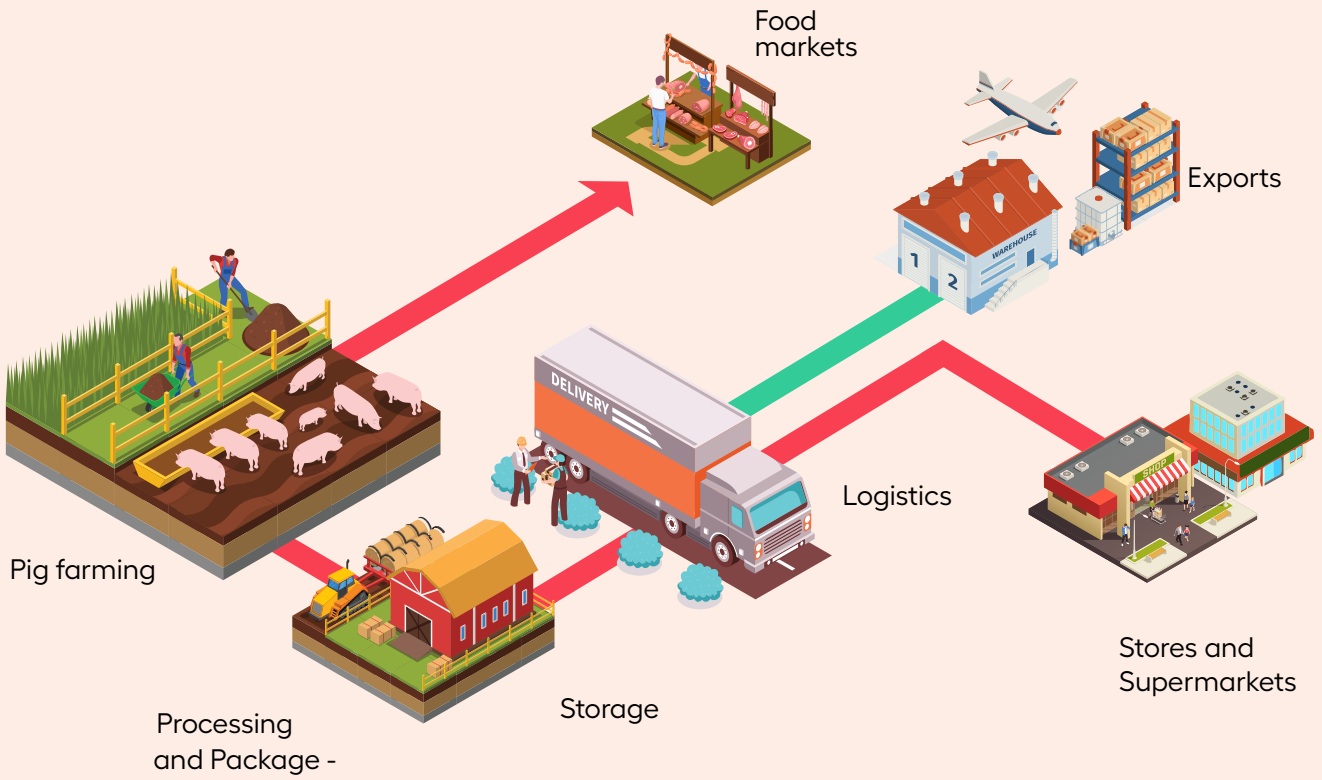

As a result of the huge market in the country, pig farming has continued to thrive, which is an indication that the business is not only desirable, but highly lucrative.

Why PorkVest

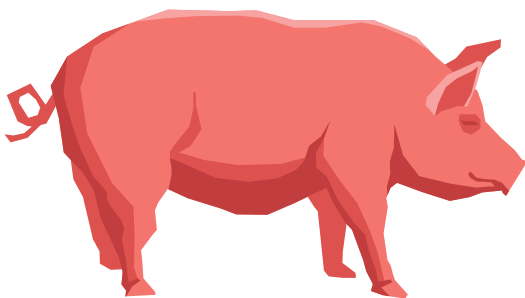

Pig farming is a lucrative and viable business that can be a great source of income to you as an investor. Investors in our PorkVest package *earn millions of naira annually*. **Our investment package at Baay Agro allows you to be part of this booming agricultural industry without sacrificing time and energy while you earn good return on your investment.**
